WOMAN SAVES TRAINS. The tracks of the Columbia and Port Deposit Railroad were covered by a g gantic landslide yesterday for a disg gantic landslide yesterday for a dis-tance of 500 feet at Fishing Creek, near Lineaster, Ps., and a disastrous wreck likely attended by loss of life would no doubt have followed had it not been for

the quick wit of a woman.

Mrs. Elmer St. Clair, wife of a track walker, was in her home a short distance above the scene of the land-lide when she heard a terrific rumble, and, looking out, saw what hid occurred. She knew the north and southbound presenger trains were due to pass at that point in a few minutes, and, locking her six children in the house, she ran up the tracks sud fisgged the first train that came along, which happened to be a

The crew then flagged both passenger trains, which, combined, had over 200 persons aboard. It probably will be several days before the tracks are cleared.

About Digestion,

It is not the quantity of food taken but the amount digested and sasimilated that gives strength and vitality to the system. Chamberlain's Stomach and system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by Richard Gibson and W. F. Creighton & Co.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver t ouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Gnaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, fifty cents. Badly Mixed Up.

SPEED TESTS.

The record for electric locomotives was attained at Clayton, N. J., yesterday in the tests being made by the Pennsylrania Railroad Company. The electric engine No. 028, belonging to the New York, New Haven and Hartford Railroad, and known as the Jamestown Exposition engine, made a fraction over ninety-two miles an hour. The locomotives weighs 180,000 pounds. The tests have been made largely to help the railroad officials determine how fast they may run trains with safety, particularly on curves. The officials say the tests have demonstrated that trains can be run with safety at the speed of ninety miles an hour. They have found that it takes three or four times longer to stop a train going at this speed than one going at sixty miles. It has also been demonstrated that the longer the air brakes are applied the less effective they become, because the tires on the wheel get hot and the brake shoes slip.

Your principal will then be always at your command and cannot depreciate in value, You can start an account with this corporation for \$1.00 or upwards. If you have other investments in view isn't it advisable to have your MONEY MAKING MONEY while you are deciding this matter. There's many a \$1 or \$5 bill spent unnecessarily because it is carried in the pocket, when a savings account would have discouraged or prevented the expenditure. A bank account is not only a convenience, but a great encourager of economy, so why not commence right and open an account with us today. We invite you to do so and promise courteous and liberal treatment consistent with sound banking methods.

Santa Claus' Annual Job will give him more pleasure if an electric light shows him how to pick out the right stockings quickly. Shall we out in electric lights for you? While we are about it, let us mention our

Electric Lights for the Tree

They come in all colors and are twice as pretty as the old style candles. Infinitely safer, too. Think how many a merry Christmas has been turned to sorrow by tree fires. With our miniature electric lights such an accident s impossible.
